BRITISH MOTORCYCLES

VINCENT MOTORCYCLES - THE COMPLETE STORY

By David Wright

From its creation in 1928 to its demise thirty years later, Vincent produced motorcycles that were among the very best then available. Names like Black Shadow, Rapide and Black Lightning are bywords for good looks, good engineering and exceptional performance.

The authors detailed history examines the company from its roots at the beginning of the Twentieth century and explores the design and production of each one of the Stevenage firms models. Complete with detailed specifications, archive illustrations and specially-commissioned colour photography, this book is a fitting tribute to one of the gems of the late British Motorcycle Industry

BSA PRE-UNIT TWINS - THE COMPLETE STORY

by Mick Walker

BSA was once the largest—and most successful— motorcycle company in the world. Many of the most famous “Beezas” were powered by twin-cylinder engines, in both vee and parallel configurations. During the interwar years BSA built a series of side-valve and overhead Valve V-Twins in 500, 750 and 1000cc. After World War II, BSA built a family of vertical twins in 500cc [A7] and 650cc [A10] guises. Their names bring back fond memories: Star Twin, Shooting Star, Golden Flash, Road Rocket, Super Rocket, and the magnificent Rocket Gold Star. This is the very first book to deal exclusively with both the interwar V-Twins and the postwar A7/10 series
