DATSUN & NISSAN — BOOKS

HOW TO RESTORE YOUR DATSUN Z CAR

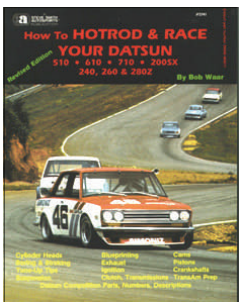

by Wick Humble

How to restore Datsun 240Z, 260Z and 280Z

Suspension, drakes and driveline rebuilding. Common rust repairs, body preparation and painting
Engine compartment detailing and interior restoration

Put the zip back into your Z with this well-planned restoration manual thats loaded with information. Wick Humble discusses the pros and cons of frame-up or staged restoration, and helps you decide whether or not you should even begin restoration. He also discusses the tools needed, and covers in detail all the components of tear down, restoration and assembly. Plus, he adds tips on setting up your shop, and what procedure to follow when storing and organizing your parts. Youll find everything here - including technical bulletins and parts illustrations - to restore your Z to show-quality luster.

Softback, 275 x 215mm, 240 pgs., 592 b&w photographs & illustrations #10388 **\$69.95**

Softback. 250 x 207mm (portrait). 160 pages. Over 300 b&w photos/line illustrations #10032 **\$65.00**

SKYLINE GT-R - The Ultimate Japanese Supercar

Andy Butler

The Nissan Skyline GT-R is an icon amongst Japanese performance cars, its almost mythical status accentuated both by its domination of numerous motorsport divisions and by its ultimate tuneability, which has led to GT-Rs with well over 1000bhp. Only officially sold in strictly limited numbers outside Japan, the large numbers of 'grey' imports into the UK, Australia and the USA have ensured that the legend has spread. Although the GT-R has towering power and performance, the sophisticated chassis and cutting-edge technology mean that it can be driven safely and swiftly by almost anyone. A unique insight into the ultimate Japanese supercar.

H/back, 270 x 210mm, 160 pages, over 175 colour illustrations #01261 **\$65.00**

DATSUN FAIRLADY ROADSTER to 280ZX - THE Z-CAR STORY

By Brian Long

Forward by Yutaka Katayama 'Father of the Z-Car'.

The author is an acknowledged motoring historian living in Japan and has received full co-operation from the factory for this superb book.

Full year-by-year coverage of all production models.

Japanese, US and European markets covered in great detail.

Racing and rallying exploits in detail.

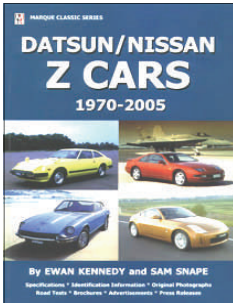

Well over 200 contemporary pictures, mainly in colour.

In addition to photographs, advertising and brochures have been used.

Useful appendices supplement detailed text.

The Datsun 240Z inspired a generation of enthusiasts, outselling and outperforming almost all of its contemporaries. This book covers the full story of the Datsun sports cars, from the Fairlady roadsters through to the final 280ZX production model, illustrated throughout with contemporary material.

Hardback 250mm x 207mm, 208 pages, 298 mainly colour illustrations #01543 **\$95.00**

DATSUN / NISSAN Z CARS 1970-2005

By Ewan Kennedy

Until 1969 very few people would have thought a classic sports car would ever come from Japan.

All that changed when Datsun revealed the 240Z at the 1969 Tokyo Motor Show. Over the next 26 years Datsun became Nissan and the Z grew into a wide range of models, until it was discontinued, a victim of the severe financial pressures within Nissan. In 2003, the Z series came back as the 350Z, reborn with an infusion of the original's sporting character. This book takes you through the complete range of vehicles, model by model in detail

S/back 275 x 205mm, 200 pages, over 150 b&w photos, plus 30+ in colour #10531 **\$69.95**

BEASTS FROM THE EAST - Japan's Ultimate Performance Cars

Paul Guinness

Japanese car manufacturers have a long tradition of producing outstanding sports and performance cars. Sometimes they are extreme versions of core models, such as the Honda Civic Type-R and Nissan Sunny GTI-R, and sometimes out-and-out purpose-designed sporting classics, such as the Datsun 240Z/260Z and Mazda MX-5. There has been steadily growing interest in the Japanese car scene in recent years, with grey imports of performance models having become particularly popular, and a whole industry has grown up to support the interest in modifying Japanese cars.

This extensively illustrated book will appeal to all fans of Japanese performance cars

Hardback, 270 x 210mm, 176 pages, 200 colour illustrations #10566 **\$69.95**
