## CLASSIC VINTAGE CRAWLERS & DOZERS

By Roger V. Amato and Donald J. Heimburger

This fine book includes Allis-Chalmers and Case, as well as Caterpillar from the 1920s, 1930s and 1940s, takes a long and colorful look at the development of the crawler tractor and bulldozer. The crawler photographs and text are arranged chronologically so the reader can follow development of the machines through the years. Throughout the research period for this book, hundreds of photographs were taken at shows, and numerous illustrations were gathered from libraries, machinery manufacturing companies and from private collections, and this volume includes nearly 400 of them.

This hardcover book has 188 pages, and a complete index, appendix listings of model / years built.

You won't find another heavy equipment book like it!

## Making Tracks: C.L. Best and the Caterpillar Tractor Co

*By Ed & Sue Claessen*

Say Henry Ford and people will think automobile but if you say C.L. Best how many people would think tractor? And not just any tractor, but a tractor that would lead the way for a small California company to expand into a global presence.

C.L. Best went from designing equipment powered by horses to imagining equipment powered by the sun. His improvements to the track-type tractor concept allowed the Caterpillar Tractor Co. to become the world's road builder and so much more.

*Making Tracks* follows Best from working for his father through starting and operating his own company to being chairman of the board for the Caterpillar Tractor Co. for twenty-six years.

The story has it all: from fistfights in the boardroom to lawsuits and hostile takeovers; from California to Cuba, Russia and beyond and from designing and building tractors to raising cattle and mining gold. The life of C.L. Best was varied and intriguing.

To complete the profile of the man as well as the entrepreneur, the authors interviewed Best's only son and were granted access to family photos and records. What emerges is a complete picture Clarence Leo Best and why he was driven to live up to his name-Best.

Hardcover, 255 x 255mm, 190 pages, illustrated #10777 **\$89.95**

TRACK LAYING RECORD DVD

## TRACK LAYING WORLD RECORD DVD

Tapanui, New Zealand 15th March 2008

NEVER before, anywhere in the world, has there been such a large gathering of Track Laying machines operating at the one venue. The record has well and truly been set!

This new DVD puts this event on record - if you want to see crawlers & bulldozers by the hundred, this is the DVD! 75 minutes of track layers, many being vintage dozers and crawlers.

Caterpillar, Allis-Chalmers, John Deere, Cletrac, Fordson, Fiat, International, Ferguson, Oliver, David Brown, Case, Hydraulic Diggers & many other machines.

From the very first crawlers in New Zealand, countless D2s & BTD6s to massive D8s, - from the old to the more modern machines. Just over 500 all up. From nicely restored machines to well looked after crawlers, obviously still in use.

Fortunately the organizers saw fit to have this event recorded on this action DVD, which comes with a **Bonus Photo CD** containing **270 superb colour photographs** of the crawlers, dozers and the transporters - if you were unable to get to the event, here are your photos!
